PRIMARY SECTION NEWSLETTER MARCH'11

Dear Parents,

It gives me immense pleasure to release the second half edition of the news letter of Primary Section. It's an endeavour on the part of our staff and students of R B K School, to take you into the world of achievements and activities.

The institution provides a learning environment that is adapted and flexible, facilitating potential changes in the education pattern. It is also used as a strategic tool to excel. This is done with an objective to support the new learning paradigm which is imparted in a manner most suited to them. We maintain the high standard of teaching by using the best teaching practice. We nurture children to be vibrant and capable citizens by providing platforms to regularly act, compete and collaborate with students across the globe. It takes hard work and patience to achieve the required standards and accomplish the vision of the school.

I congratulate all the students and teachers for their excellent performance in various competitions and expect all to continue their work with further more zeal and vigor.
